WHO WE ARE?

First of all, we would like to introduce ourselves:

KimeraMusical.com is a project born with the idea of providing to all those with musical talent a professional musical production job at a price that everyone can afford.

You can decide how much you will pay for our work!

Pay What You Want!!

This is probably the best offer you have ever seen!

We are the first music production studio in the world where you pay for our work what you think it is worth.

Our aim is make music production as accessible as possible to you, therefore, we offer you the possibility to make us an offer, we trust you, choose our fee.

We are so confident that you will love our work, that we will only charge you what you think we deserve, and moreover, if you are not satisfied, we will you a full refund. The future of this project is based on the trust we place in you and we know you will treat us fairly.

What can made your songs have a final push and allow you to make a living with music?

It's not a secret, moreover, it's the same method as 90% of the bands you that you are currently following or listening, and it's no other than looking for someone totally outside the band, with experience and professionalism, who understands what you wanted to express with my music and maximize it.

The musicians have inclination to blind ourselves with our art, thinking our work is perfect and untouchable, making follies that many times can ruin our songs.

That's why someone outside the band is needed, someone who understands your music, style, the musical concept you are trying to find, the purpose of your work, your sound, etc..., enhancing your strengths, correct your defects, and achieves the perfect sound and climate for your music.

This figure, is us.

Starting from your ideas and the approach of your song and your musical style, we propose you the necessary changes to maximize what you want to express and make it reach a wider audience.

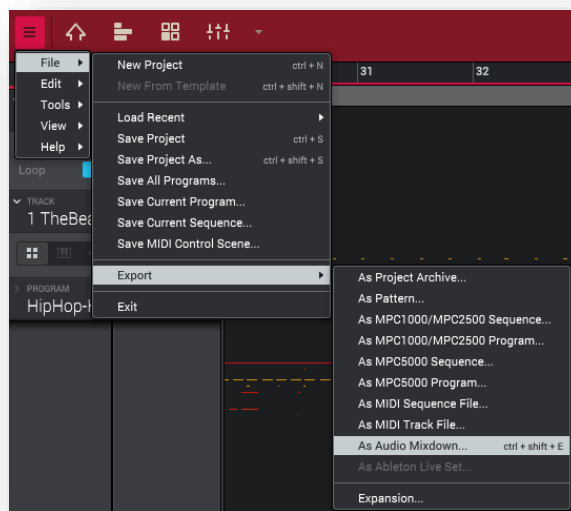

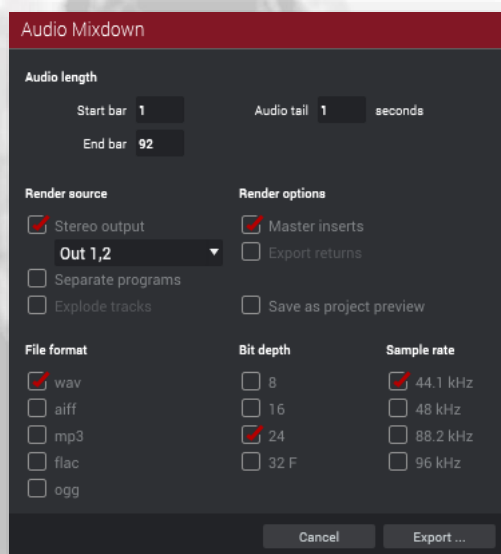

We present you some of our works so that you can notice how our producers work and get an idea of what we can do for you.

EXPORTING SONGS IN MPC BEATS

Once we have finished our recording, we have to export our work, because we probably want to share our music with a friend, singer, or a composer or producer like KimeraMusical.com who can refine your work to finish it.

EXPORTING DE MIX

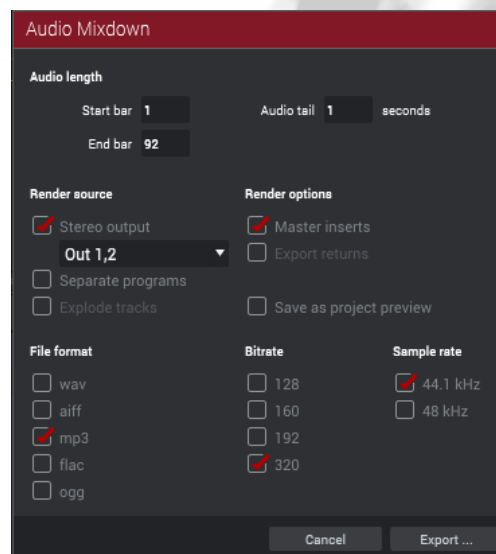

To export the mix of our work, we will go to the menu → File → Export → As Audio Mixdown. This will show us a screen where we can choose different characteristics of the file we want to export.

EXPORTING FOR SHARING ON SOCIAL NETWORKS

We can choose different file types. If what we want is that our song occupies little space and share it in networks, mp3 can be good, with a bitrate of 320.

Finally we will press the button "Export..." to generate our file.

Finally, we will choose the folder where we want the file to be generated as well as the name of the destination file.

EXPORTING TO SHARE STEMS WITH KIMERAMUSICAL.COM

But if what we want is to generate a file for each track to share it with our producer or work later with this generated audio file in another production, or send it to someone to be mixed, then wav can be a good option. At KimeramMusical.com, for example, we will ask you for wav or flac files to work with, since they do not lose audio quality because they are not compressed.

To generate a file for each of the programs, check the "Separate programs" option instead of "Stereo output".
